June 6, 2011

Mr. Michel Lemieux, Director
International Premier Tech Environmental
1160, rue Levis, bureau 201
Lachenaie QC J6W 5S6

Dear Mr. Lemieux:

**Re: Approval for Premier Tech Peat System in Nova Scotia
Review of Proposed Changes to the Manual - Concrete EcoFlow and Use
in Clayey Silt and Silty Clay**

This letter is in reply to your original request of January 26, 2010, regarding the proposed changes to the Premier Tech EcoFlow® Installation Manual to be used under the "On-site Sewage Disposal Systems Regulations".

The department has reviewed the installation manual and has approved the changes.

1. Any on-site disposal systems using Premier Tech EcoFlow® must be installed as per the On-site Sewage Disposal Systems Regulations, On-site Sewage Disposal Systems Technical Guidelines and the Premier Tech EcoFlow® Installation Guide dated October, 2010.
2. Submit any new revisions to the manual for approval to Blake McDonald, Onsite Service Program Coordinator, NSE.

If you have any further questions, please contact Blake McDonald at (902) 424-2282.

Sincerely,

A handwritten signature in black ink, appearing to read "Darlene Fenton", written over a large, stylized flourish.

Darlene Fenton
Executive Director
Environmental Monitoring and
Compliance (EMC) Division
